

How to: Check the Network Card Status in Windows 98

▶ **Summary**

During troubleshooting your Lindsey Communications High Speed internet connection there are times that you will need to verify your Ethernet Network card is functioning correctly. Please follow the below steps to verify your Ethernet NIC is working correctly.

▶ **Interactive Solution**

▶ **Manual Solution**

1. Click **Start**.
2. Select **Settings** and click **Control Panel**.
3. Double-click the **System** icon.
4. Click the **Device Manager** tab.
5. Double-click the **Network Adapters** listing and highlight the **Ethernet Adapter**.
6. Click **Properties**.
7. Under **Device Status** it should say whether or not the network card is working properly.
8. Click **OK** to close the window.

All Steps Complete.
