Common Trouble Shooting Questions & Answers:

- Q:** What if I am only getting channels 2-13?
A: Change the settings on your TV to Cable or CATV and perform a channel auto search.
- Q:** What if all channels are black, blue or snowy?
A:
- Verify all connections are tight.
 - Verify all power cords are plugged in all the way.
 - Do you have other equipment (such as VCR, DVD player, etc) connected to TV? Verify all equipment is either turned off or:
 - With TV & VCR ON, turn TV channel to 3 (also try channel 2 and then 4) or:
 - With TV & VCR ON, turn VCR to channel 3 (also try channel 2 and then 4).
 - Verify TV is on the correct INPUT. Verify which input coax cable / RCA cables are connected to know which input TV should be on.
 - If all is connected/setup correctly, verify service has not been disconnected by calling LCI.
- ☛ To report an outage after hours, please call our toll free number. Our technician will respond to the call as quickly as possible.
- ☛ For trouble shooting issues with Premium/Digital services or Internet service, please contact Cobridge Communications: 501-315-4405..
