## Common Trouble Shooting Questions & Answers:

- Q:** What if I am only getting channels 2-13?  
**A:** Change the settings on your TV to Cable or CATV and perform a channel auto search.
- Q:** What if all channels are black, blue or snowy?  
**A:**
- Verify all connections are tight.
  - Verify all power cords are plugged in all the way.
  - Do you have other equipment (such as VCR, DVD player, etc) connected to TV? Verify all equipment is either turned off or:
    - With TV & VCR ON, turn TV channel to 3 (also try channel 2 and then 4) or:
    - With TV & VCR ON, turn VCR to channel 3 (also try channel 2 and then 4).
  - Verify TV is on the correct INPUT. Verify which input coax cable / RCA cables are connected to know which input TV should be on.
  - If all is connected/setup correctly, verify service has not been disconnected by calling LCI.
